

# Medical Technologies Journal: Re-launching the publication

Type of article: Editorial

Abdeldjalil KHELASSI

Editor-in chief Medical Technologies Journal, Algeria

## Abstract

Welcome to the fifth volume of the international peer reviewed journal: Medical Technologies Journal. We are proud to announce, in this editorial, the re-launching of publication on the journal. The journal receives all medical domains: trials and, synthesis; findings and innovations. After a period of silence due to several technical problems principally the COVID19 crises, we publish, for our community, this issue. It contains four scientific articles one review in ophthalmology and three in medical technologies.

**Keywords:** Publishing, Medical Technologies, open access, Health science.

**Corresponding author:** Abdeldjalil KHELASSI, Editor-in chief Medical Technologies Journal, Algeria. Email: khelassi.a@gmail.com.  
Medical Technologies Journal subscribes to the principles of the Committee on Publication Ethics (COPE).

## 1. Presentation

### 1.1 Topics and organization

The Journal keeps publishing articles about topics of all medical domains [1] like: (Surgery, Internal Medicine, Midwifery, Nursing, Microbiology and Infectious Diseases, Psychiatry, Pediatrics, Cardiology, Neurology, Nephrology and Urology, Orthopedics, Neurosurgery, Dermatology, Rheumatology, Hematology and Transfusion Science, Anatomy, Histopathology, Oncology, Community Health, Occupational Health, Environmental Health, Social Health, Epidemiology, Public health, Patient Security, etc.), and Medical technologies [1]like: (Medical Informatics, Biomedical Engineering, Medical physics, Medical Bio-Chemistry, Medical Mechanical Engineering, Drug design, Medical education, Medical Economics etc..).

The Journal contains three main sessions: in the first session we plan to publish all editorials, letters, opinion, news, the session is entitled “Editorials”. In the second session we publish medical findings as case reports, reviews, and original articles, this session is entitled “Health sciences”. The thirds session we publish technological medical innovations, this section is called “Medical Technologies”. The fourth session, “Conference proceedings and abstracts”, was canceled which mean all articles from conferences must be passed and categorized like all submitted articles.

### 1.2 Achievement

The Journal still publish contents only open access, which improve the Journal citations and downloads demonstrated in Figure1.

Figure1. Metrics by using the software: “Harzing Publish or Purish 8.9”. Scopus citations computed by the query: “REF ( "Medical Technologies Journal" ) OR ISSN ( 2572-004x )”

## 2. Acknowledgments

We would warmly like to thank all contributors, authors, reviewers, and editors.
